1956 --- Sinhala Only Bill

2

1958 --- The 'Sri' conflict

“New cars moving in the north and the east with the offending letter had their plates smeared with tar. The Tamil ‘Sri’ character was substituted for the officially accepted Sinhalese character.”

(VITTACHI, T. 1958)

“The government made the situation worse by sending to Jaffna government-owned buses with the Sinhalese symbol denoting ‘Sri’ on number plates; a crazy innovation that provoked Tamil anger.”

(S. SIVANAYAGAM, 2005)

3

1983 --- Black July & the 'Ba'

“Some Sinhalese words are extremely difficult for people who do not speak the language fluently to pronounce, people were tested by being made to pronounce these words.”

(PATRICIA HYNDMAN, 1985)

November 2013, 82.2% of Sinhalese believed
that Official Language of Sri Lanka is
Sinhalese only,

26.5% of Tamils said that

Government of Sri Lanka has done
nothing to address the root causes of
the conflict.

2009- -- Post war tension

“The Commission during its visits to the affected areas witnessed first-hand, that even today many persons of the minority communities are made to transact business, not in the language of their choice.”

(COMMISSION OF INQUIRY ON LESSONS LEARNT AND RECONCILIATION, 2011)

“Construction of new Buddhist temples and establishment of Sinhalese companies have made the Sinhala letters and boards appear in wide light in the middle of these previously Tamil concentrated areas.

(M Jayasuriya, 2011)

‘Appearance of the language’ is a problem

A typography based intervention

Find a way to dissolve the
the ethnic tension caused by
appearance of language in conflict

Combine letters from Tamil
and Sinhala that correspond
to the same phoneme and
build a common script.

Guidelines
